NCVE's CRICOS provider Code is: **03686G**

NCVE provides the following courses to overseas students:

- Vocational Education and Training (VET) courses
- ELICOS (English Language Intensive Courses for Overseas Students)

The ESOS Framework – Providing quality education and protecting your rights as an overseas student

The Australian Government wants overseas students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the **ESOS Framework**, and they include the *Education Services for Overseas (ESOS) Act 2000* and the *National Code 2018*.

NCVE's CRICOS registration guarantees that the courses it provides meet the high standards necessary for overseas students. Please check carefully that the details of your course – including its location – match the information on CRICOS.

RTO obligations

NCVE is responsible for:

- the quality of the training and assessment in compliance with the VET Quality Framework. More details about the VET Quality Framework can be found on the ASQA website.
 - <https://www.asqa.gov.au/about/asqa-overview/key-legislation/vet-quality-framework>
- the issuance of the AQF certification documentation. More details about the AQF certification standards can be found at www.aqf.edu.au
- advising students, in advance, of any changes to the services, including new subcontracting arrangements or a change to existing subcontracting arrangements. This will be done by an announcement on the College web site.
- advising students about their rights via the Code of Practice published on the College web site
- Advising students about the Complaints and Appeals Policy and Procedure published on the College web site
- advising students if NCVE, or a third-party delivering services on behalf of the College, closes or ceases to deliver a unit or units that the learner is enrolled in. This will be done by an announcement on the College web site.
- advising students about any changes to services. This will be done by an announcement on the College web site.

Your rights

The ESOS Framework protects your rights, including:

- your right to receive, before enrolling, current and accurate information about the courses, fees, modes of study and other information from your provider and your provider's agent.
- your right to sign a written agreement with your provider before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.
- Your right to get the education you paid for. The ESOS Framework includes Consumer Protection that will allow you to receive a refund or to be placed in another course if your provider is unable to teach your course.

The ESOS Framework sets out the standards Australian education providers offering education services to overseas students must obey. These standards cover a range of information you have a right to know and services that must be offered, including:

- an Orientation program and access to support services to help you study and adjust to life in Australia

- who the contact officer or officers is for overseas students
- if you can apply for course credit
- when your enrolment can be deferred, suspended or cancelled
- what your provider's requirements are for satisfactory progress in the courses you study and what support is available if you are not progressing well
- if attendance will be monitored for your course, and
- a complaints and appeals process.

One of the standards does not allow another education provider to enrol a student who wants to transfer to another course but has not completed six months of the final course of study you plan to undertake in Australia. If you want to transfer beforehand, you need your provider's permission.

Your responsibilities

As an overseas student on a student visa, you have responsibilities about:

- understanding and accepting of the enrolment conditions for the training program you undertake
- maintaining your Overseas Student Health Cover (OSHC) for the period of your study
- paying of all fees and charges associated with your training program and providing your own course requirements where notified
- securing of your personal possessions whilst attending a training program
- maintaining regular and punctual attendance
- informing your provider if you change your address
- maintaining satisfactory course progress and attendance
- respecting property of the College and observing policy guidelines and instructions for the use of equipment
- Following NCVE's Code of Conduct

If you need more information about your rights and responsibilities under the ESOS Act and the National Code, speak to one of the teachers/trainers or a Student Service Officer.

Where can I find more information about this?

More information about the ESOS Act is on the following websites:

<https://internationaleducation.gov.au/Regulatory-Information/Pages/National-Code-2018-Factsheets-.aspx>

If you need more information about your rights and responsibilities under the ESOS Act and the National Code, speak to one of the trainers or a Student Service Officer.

Protecting Students – The Tuition Protection Service (TPS)

Australia has an excellent reputation for quality education. However, sometimes an education provider may close down, fail to start a course that students are enrolled in or stop offering it part-way through. Closing, failing to start, or stopping a course part way through is called **a default**.

If an education provider defaults, the Tuition Protection Scheme (TPS) may be able to help you.

Your education provider must help you, even if it is closing. Your provider must:

- arrange for you to finish your study with another provider, or
- give you a refund of unspent tuition fees you paid directly to your provider.

If you are not satisfied with the replacement courses your provider has identified, you can ask to receive the refund instead.

If you have applied for a refund and you are not satisfied with the outcome, you can begin an internal complaints process with your provider. If you are unhappy with the outcome of the internal complaints process, you can contact the [Overseas Students Ombudsman](#).

If your provider does not find you a suitable course or offer you a refund the TPS will help you.

For more information about the TPS go to: <https://www.education.gov.au/tps>

Unique Student Identifier (USI) Policy and Procedure

It has been a requirement since January 2015 that all students in Australia have a Unique Student Identifier (USI).

The USI will be a lifelong number which will enable your records and results obtained after January 1st, 2015, to be collected in an online system. By having a USI, you will be able to access your training records and results (or transcript) whenever you need to.

You must have a USI before NCVE can issue AQF documentation to you. As such, NCVE requires you to have a USI at the time of your enrolment in your VET course.

The Australian Government has developed the following video to help students access a USI:

<http://usi.gov.au/students/Pages/default.aspx>

There are two ways to create a USI; NCVE prefers if you create your own USI, however, please contact us if you are having difficulty with this.

1. Create your own:

This can be done by going to the Unique student Identifier Website and following some simple steps.

To create a USI, you will be required to provide:

- Personal information – name, date of birth etc.
- Contact Information – at least one method of contact e-mail, mobile or mail.
- Form of ID: Options include Driver License, Medicare card, Australian Passport, Visa (with Non-Australian passport) for international students, Birth Certificate (Australian), Certificate of Registration by Descent, Citizenship Certificate, ImmiCard.

2. A USI is created on your behalf.

To enable a USI to be created on your behalf you will need to give your permission and you will be required to sign a Privacy Notice to this effect.

Protection of student's privacy

Your Unique Student Identifier (USI) contains personal information, contact details and your training records and results. The USI system has been designed to keep this information safe and secure and is only accessed by the organisations and employers you choose to have access to your records.

Your privacy. The personal information that you provide to the Student Identifiers Registrar is collected, used, and may be disclosed, in accordance with the provisions of the Student Identifiers Act 2014 and the Privacy Act 1988. The Student Identifiers Registrar's Privacy Policy provides information about the protection of your information, including how you can access and seek correction of your personal information held by the Student Identifiers Registrar and how to make a complaint about a breach of your privacy and how such complaints are handled.

For more information, go to: <https://www.usi.gov.au/documents/privacy-notice>

Prior Learning (for Vocational Courses Only)

Recognition of Prior Learning (RPL)

RPL is the process by which your existing skills, knowledge and experience are recognised towards the achievement of a vocational qualification. These skills may have been obtained through: Training programs; work experience; voluntary work; schoolwork, life or sporting experience.

If you apply for RPL and are successful it can save you time in achieving a qualification as you do not have to repeat learning for skills and knowledge you already have.

All students are entitled to apply for Recognition of previously learnt skills and knowledge. To be awarded RPL, you must provide evidence of when and how their competency was acquired.

To ensure that we assess your application for RPL in a consistent and fair manner we have developed the following process:

1. If you feel you want to apply for RPL, contact NCVE Student Services; we will explain the initial application process and send you out an RPL Application Form.
2. When we receive the completed RPL Application Form, we will arrange for you to meet with the assessor to discuss your application and make sure you understand the evidence collecting process. At this stage, you will be given an RPL Assessment Kit.
3. We will schedule further meetings to assess the evidence you have provided

4. When all the evidence has been submitted, the assessor will decide if you are competent in all aspects of the unit(s).
5. If yes: Statements of Attainments are issued for the units achieved or a Certificate is issued if you have achieved competence in all units in a Qualification.
6. If no: a meeting will be arranged with the assessor to explain areas requiring further evidence or training.

Credit Transfer (CT)

NCVE recognises the training you have successfully completed with other RTO's (or previously by us) and can apply credit to units on provision of Certificates or Statements of Attainment.

Our Credit Transfer Process is as follows:

1. Any student is entitled to apply for credit transfer in a course or qualification in which they are currently enrolled.
2. You will be required to complete the Credit Transfer Application Form and present it to us with your Statement(s) of Attainment or Certificate. You will be asked to submit originals for copying and endorsement by our staff or copies which are certified as true copies of the original by a Justice of the Peace (or equivalent).
3. You can apply for Credit Transfer at any time, but we encourage you to apply before commencing a training program. This will reduce unnecessary training and ensure a reduction in your student fee if Credit Transfer is awarded.
4. Credit transfer can only be awarded for whole units of competence that meet the packaging rules of the Qualification you are enrolled in. Where only a partial credit is awarded, this will not be considered for credit transfer, and you will be advised to seek RPL.
5. You cannot enrol in a training program only for credit transfer.

Important:

If NCVE grants an overseas student RPL or course credit that reduces their course length, the provider must:

- inform the student of the reduced course duration following granting of RPL and ensure the confirmation of enrolment (CoE) is issued only for the reduced duration of the course
- report any change in course duration in PRISMS if RPL or course credit is granted after the overseas student's visa is granted.

Staying 'On-Track' During Your Studies

Course completion

Generally, students are expected to complete their course within the duration of study as recorded on CRICOS.

NCVE may extend the duration of your course only in the following circumstances:

- On medical grounds (a medical practitioner's certificate indicating the student is unable to attend class); or

- In exceptional compassionate circumstances beyond the students control, such as serious illness or death of a close family member (independent evidence of the exceptional circumstances is required).
- Where NCVE is unable to offer a prerequisite unit at the time it is required;
- Where NCVE is implementing an intervention strategy for students at risk of not meeting academic progress requirements;
- Where NCVE has approved the deferral of commencement of studies or the suspension of study.

Students may request a change to their course by completing an *Enrolment Variation Form*. Any extension to the duration of a student's course will be notified by NCVE on PRISMS and if necessary, a new eCoE issued.

The Assessment Process for ELICOS students

ELICOS course and course levels are generally 12 weeks in duration. If you are completing an ELICOS course like General English, you will have some form of assessment and the end of each week's work. These assessments are commonly called 'weekly tests.' If you have learned about travel vocabulary, the present perfect tense, and writing an email enquiry, for example, to a travel agent, then your weekly test will ask you to demonstrate your knowledge about these vocabulary and grammar topics and also ask you to write a formal email.

General English students also have 'summative assessment' in week 6 and 12 of their enrolment. A summative assessment will test your knowledge and skills from more than one week's work, for example, Week 6 summative assessment tests your knowledge and skills from week 1 to 6 of your enrolment while week 12 summative test tests week 7 to 12 of your enrolment.

All overseas student visa holders must maintain good course progress as a condition of their visa. NCVE currently uses your summative test results (week 6 and 12) to measure your course progress.

The Assessment Process for VET students

You are undertaking an Australian Vocational Education and Training (VET) qualification. VET uses Competency Based Training (CBT). CBT is training that is designed to allow you to demonstrate your ability to do something, for example, make a coffee, deal with a difficult customer, or create a document using Microsoft Word. You must demonstrate competence against industry-defined standards of performance.

You do not receive a grade, for example, 80% in your high school Mathematics examination. If you have completed an assessment task, you are marked either Competent (C) or Not Yet Competent (NYC), i.e., you can complete the task to the required standard, or you cannot.

Your trainer/ assessor provides you with feedback, and if required, you will be given the opportunity to re-submit your work (where NYC grade is given).

After you have completed your training, NCVE must ensure that you can meet industry expectations as expressed in the training package requirements of your qualification. The Standards for RTOs 2015 require NCVE to deliver training and assessment that allows you both the opportunity and the time to develop your skills and knowledge—and to practise and demonstrate your skills in a holistic and meaningful way.

NCVE must develop and implement an assessment process that ensures:

- assessment judgements are consistently made on a sound basis
- validation of assessment judgements is carried out.

An assessment system includes not only the actual materials used directly in conducting assessment, but also policies, procedures and other supporting documents and tools that inform the way assessment is conducted within NCVE.

For you to be assessed as 'competent', NCVE must ensure that you:

- have absorbed the knowledge
- have developed the skills
- can combine the knowledge and skills to demonstrate:
 - ability to perform relevant tasks in a variety of workplace situations, or accurately simulated workplace situations
 - consistency in performance and a consistent ability to demonstrate skills when performing tasks
 - understanding of what you are doing, and why, when performing tasks
 - ability to integrate performance with understanding, to show you are able to adapt to different contexts and environments.

As a student, you must:

- be assessed against all of the tasks identified in the elements of the unit or module
- demonstrate that you are capable of performing these tasks to an acceptable level.

Through the above process, you must demonstrate that you hold all of the required skills and knowledge specified in the unit or module assessment requirements. We find this information about the skills and knowledge for each unit of competency from the National Register at www.training.gov.au For example, to view the skills and knowledge that must be assessed in the unit *BSBTWK301 Use inclusive work practices*, we look at the following link: www.training.gov.au/Training/Details/BSBTWK301

When developing assessment materials, NCVE uses the information from the unit of competency elements, performance criteria and assessment requirements to determine what competence looks like. NCVE also ensures that assessment tools are contextualised to you, the student, that means that we aim to assess valid skills that are relevant to your specific industry or work context.

NCVE uses information from the unit of competency's training package information to set benchmarks for measuring your performance using 'observable behaviours'. This will ensure you have:

- actually undertaken all the required tasks
- demonstrated your ability to do so in different contexts and environments.

Assessment must always be based on the performance of, you, the individual student. If assessment tasks are undertaken as a group, each student must be assessed on each component of the task. We cannot assume that because a group of students completed a task, each of them is competent.

You will be provided with a fixed timescale to complete the assessment for each unit of competency after you have completed the training for that unit.

Assessment may be conducted throughout your study/ training – this is called *formative assessment*. It may also be carried out at fixed points or at the end of your training – this is called *summative assessment*. While you may be required to complete and submit some tasks during your training, NCVE uses summative assessment, i.e., we assess your knowledge and skills at the end of the training in each unit of competency.

The assessment tasks that you must complete for unit of competency will vary, but will generally consist of some or all of the following components:

- *A written knowledge assessment*: This format assesses the knowledge requirements of the unit of competency through a range of knowledge types including short answer questions, multiple choice and questions that require more extended responses.
- *A written research project assessment*: This format also assesses your knowledge; however, it will usually involve a more detailed task with a number of stages where you need to conduct some research and use your creativity to design a proposal, report or something similar.
- *Practical assessment*: This format is used to assess your practical skills i.e., your assessor will observe you when you are completing a specific task. Your assessor will observe your actual behaviour to assess whether or not you can complete a task that meets industry standards. Practical assessments can occur:
 - On the job: your assessor observes you in your real work environment and may use a checklist to confirm that you can perform all the required behaviours for the task
 - In a simulated environment: your assessor sets up a simulated environment for you to complete a task because it is not possible for you to access a real work/ 'on the job' environment.
 - If your assessor cannot be present during a practical assessment completed wither on the job or via a simulation (e.g., a role play) you will need to take a recording of the event and send it to your assessor.
- *Oral assessment*: Your assessor may ask you questions, and you will give verbal responses. Oral tasks can be used for:
 - To assess your knowledge (as well as written questions)
 - Roles-plays that can be part of simulated assessment tasks
 - On the job if your assessor wants to confirm your knowledge or ask you about a practical task that you are completing
 - Presentations where you might need to present information or show your facilitation skills to a group

NCVE is required to ensure that compliance with the Standards for RTOs 2015 is maintained, and to review, evaluate and adjust as necessary, assessment systems and processes for validity, reliability, flexibility and fairness of assessment.

You should be aware that NCVE must ensure that its assessment system meets:

The Principles of Assessment:

- *Validity*: the assessment assesses all the required knowledge and skills required for the unit of competency
- *Reliability*: the assessment provides clear and sufficient guidance to assessors that ensures all assessors should reach the same conclusion about your competency.
- *Flexibility*: the assessment considers your individual needs
- *Fairness*: the assessment allows for reasonable adjustments to account for your individual learner needs.

The Rules of Evidence:

- *Validity*: as above, the assessment must ensure that you have been assessed against the required knowledge and skills required for the unit of competency
- *Sufficiently*: the quality and quantity of evidence you have produced is enough for the assessor to make a judgment about your competency
- *Authenticity*: the assessor can be confident that the assessment evidence is your own work:
- *Currency*: Your assessment evidence must be from the present or very recent past.

Your assessors are required:

- To be fair and reasonable during assessment
- To be familiar with the field, with relevant industry standards and WHS requirements, and to be up to date with assessment methods and procedures appropriate for the clients and learning environment
- To negotiate flexibly with students regarding the type of assessment, taking into account flexible delivery, Equal Employment Opportunity and anti-discrimination principles, and the particular needs and circumstances of clients
- To advise clients regarding RPL processes
- To make proper assessment decisions based on explicit evidence of competency
- To use more than one piece of evidence to assess competence
- To mark your assessment in a timely manner and to avoid unnecessary delay
- To use cost and time effective methods and materials appropriate to the assessment rigour necessary and level of risk
- To consider the authenticity, validity, reliability, relevance of the assessments to the learning outcomes
- To provide feedback on your assessment.

All assessments handed in must be your own work. As part of your assessment completion, you are required to sign a declaration that you have completed the work. For hardcopy assessments you

should also write the date, your name and signature on each page. This way if a page comes loose, we know it is part of your assessment. If your assessment is not clearly labelled it will be sent back.

Reasonable Adjustment:

NCVE understands that not all students are able to demonstrate competency in the same way, therefore, it may be necessary to adjust the assessment tasks for individual students. This is called **Reasonable Adjustment** and it is the process of adjusting or changing the assessment to meet the needs of the student being assessed.

Students with any of the following could expect reasonable adjustments to occur and should speak to their trainers and assessors regarding any changes they feel they need:

- physical disabilities
- limited language
- limited literacy and numeracy skills
- limited communication skills
- limited learning strategies.

The types of adjustments that are made must be within our capacity to provide them and may include:

- Oral response to questions rather than written
- Allowing extra time for assessment
- Using a support person
- Enlarging reading material
- Printing material on different coloured paper for individuals with Dyslexia.

Work Placement

Some Aged Care, Individual support and Hospitality VET courses have a compulsory work-placement component under some units of study. These units of study require you to complete a specified minimum of hours of work placement in a care industry environment. NCVE will help you find work placement. You may be allowed to complete work placement component in your chosen workplace if approved by NCVE. The hours of work placement are presented below:

Qualification	Required work placement hours
CHC33015 Certificate III in Individual Support	120 hours
CHC43015 Certificate IV in Ageing Support	120 hours
SIT30821 Certificate III in Commercial Cookery	48 service periods (shifts) - 260 hours (approx.)
SIT40521 Certificate IV in Kitchen Management	48 service periods (shifts) - 260 hours (approx.)

Student Attendance

It is a requirement for Student Visa holders to comply with condition [8202](#) of your student visa:

- ***maintain satisfactory attendance in your course and course progress for each study period as required by your education provider.***

Student visa holders must be enrolled in a full-time course of study. A full-time course of study is defined as a minimum of 20 hours face to face course time. If a student is in breach of the attendance

requirement, NCVE must report the student to the Department of Home Affairs (DHA) in accordance with the ESOS Act 2000.

NCVE monitors student's compliance with all student visa requirements, and we proactively notify and counsel any students who are at risk of failing to meet their attendance requirements.

Please refer to NCVE's *Attendance Monitoring Policy & Procedure* below.

You may ask for your attendance record at any time from Student Services.

Attendance Monitoring Policy & Procedure

Policy Statement:

To address the requirements of Standard 8 of *National Code 2018*, NCVE monitors overseas student's attendance for each course which the student is enrolled to ensure that the expected duration of study specified in the student's CoE does not exceed the CRICOS registered duration through effective recording, monitoring and reporting attendance processes.

NCVE is responsible for monitoring student attendance records. Students whose attendance falls below 80% and it is clear that the student will not be able to reach 80% by the end of a study period must be reported on PRISMS.

To ensure that students and staff understand their responsibilities in relation to these requirements and the consequences of poor attendance, the following procedures outline the steps the NCVE will take to monitor and report attendance. The procedure also indicates the appeals process available to students whose attendance has been identified as unsatisfactory.

NCVE has processes to **identify, notify and assist** an overseas student at risk of not meeting attendance requirements, where there is evidence that the overseas student is not attending classes.

This policy outlines NCVE's requirements for the following:

- a) Requirements for achieving satisfactory attendance under Standard 8
- b) Informing students of attendance requirements
- c) Attendance Recording
- d) Calculation of attendance records
- e) Non-commencement
- f) Identifying students at risk
- g) Intervention strategies to identify and offer support to those students at risk of not meeting attendance requirements
- h) Reporting unsatisfactory attendance including student right to appeal
- i) Reporting and appeals procedure
- j) Outcomes of the appeals procedure
- k) External appeals
- l) Notification of reporting to DHA
- m) Allowable extensions of course duration.

Procedures:

a) Requirements for achieving satisfactory attendance under Standard 8

NCVE monitors and records the attendance of overseas students specifying:

- Students are required to achieve satisfactory attendance for a course(s) which is set at a minimum of 80% of scheduled contact hours.
- systematic methods in place for working out minimum attendance under Standard 8.
- documented processes for recording attendance
- how it identifies if a student is at risk of presenting unsatisfactory attendance, before either situation occurs.
- support and intervention strategies in place to identify, notify and assist overseas students who:
 - have been absent for more than five (5) consecutive days without approval
 - who are at risk of not meeting attendance requirements before the overseas students' attendance drops below 80%.
- processes for determining the point at which the overseas student has failed to meet satisfactory course attendance.

b) Informing students of attendance requirements

NCVE clearly outlines and informs overseas students before commencement about the requirements to achieve satisfactory attendance requirements for each study period through:

- Attendance information from the website, flyers, prospectus
- Terms and conditions itemised in the student's written agreement
- Student Handbook
- Orientation program - the Academic Manager providing a verbal explanation of the importance of attendance and the consequences of poor attendance during the Orientation Session.
- Classroom teacher/ trainer notifications.

c) Attendance recording

- The trainer/teacher records the student attendance every class on the attendance roll.
- Daily classes are divided into two sessions:
 - Session 1: 8.00am – 10.00am
 - Session 2: 10.20am – 12.20pm.
- The trainer/teacher records student attendance for each session as follows:
 - Present ✓
 - Absent – A
 - For late arrivals, enter arrival time, e.g., 8.15am.
- If a student is absent from classes for any reason, the student will be marked absent on the roll.
- Students absent due to illness including with medical certificate evidence are marked absent.
- If a student is ill, the student must notify NCVE. A Doctor's certificate must be submitted when the student resumes the class if absent for two or more days. Absent days with doctor certificates will not be deducted from the student's attendance.
- At the end of each week, each trainer/ teacher submits the completed attendance roll for that week to Student Services.
- Student Services finishes inputting attendance records for the previous week in the Student Management System, RTO Manager (RTOM) on the Monday of each week.

- Students Services maintains and stores attendance roll hard copies in designated and safe storage room.

d) Calculation of attendance records

- Student Services staff reconciles and inputs students' attendance into RTOM on a weekly basis
- RTOM calculates student's attendance in two different formats:
 - *Current/ actual attendance* represents the student's percentage based on his attendance from the commencement of the term to the current date.
 - *Projected attendance*: represents the maximum percentage, which a student can reach throughout a study period. For example:
 - when a student has 200 contact hours in a study period and is absent for 20 hours in the first week, then their projected attendance is recorded at 90%, i.e., if the student maintains full attendance until the end of the term, their projected attendance will be 90%.
- NCVE implements intervention strategies and reports students based on their attendance over a Study Period. For attendance monitoring purposes, NCVE defines a Study Period as the student's entire period of enrolment, e.g., 8 weeks, 52 weeks, etc.

e) Non-commencement

- New students are required to attend the Orientation Session and start their course on the first day of their course.
- If a student does not show up on the first day of their enrolment, they will be notified as 'not commenced'.
- If the student has not commenced their course within 5 working days of the scheduled commencement date, a *Notification of Intention to Report for Non-commencement* will be sent to the student, reminding them of the attendance requirements and advising to commence the course as earliest as possible.
- CoEs of students who have not commenced their studies will be cancelled within 30 days from the scheduled commencement date.

f) Identifying and Notifying Students at Risk:

- Identifying at risk students:
 - At risk students are initially identified as having failed to meet satisfactory attendance requirements if they have been absent from class for more than 5 consecutive days without approval.
 - Student Services generates a weekly report from RTOM to monitor students' attendance and to send notification letters accordingly.
 - Student Services sends notification/warning letters for attendance to students who are at risk of meeting requirements weekly.
 - The process of notification/warning letters and intervention strategy is detailed below.
- **Consecutive Absence Warning Letter**
 - When a student is absent for 5 or more consecutive days, they will be sent a '*Five Days Consecutive Absence Warning Letter*'.
 - In this letter, students will be reminded attendance requirements and advised to attend a meeting with the Academic Manager or Student Services Officer to discuss possible reasons and actions for their absence.
 - If students do not contact NCVE regarding the absence, further action might be taken to contact the student.
- **First Warning Letter - Attendance**

- When a student's projected attendance in a study period reaches 90%, the '*First Warning Letter - Unsatisfactory Attendance*' will be emailed to the student's registered email address informing them of their current level of attendance, reminding them of their visa conditions and the need to see the Student Services/Academic Manager for possible intervention.
- In this letter, the student is advised to schedule a meeting the Student Services Officer/Academic Manager to discuss the situation and possible outcomes.
- The student and Student Services Officer/Academic Manager will address the reasons for non-attendance and put in place an intervention strategy to improve the student's attendance
- The Student Services Officer Academic Manager will complete the *Intervention Support Plan* and note the details of the interview and negotiated intervention plan. The student and the Student Service Officer/Academic Manager will sign and date the plan.
- The copies of the warning letter and Intervention Support Plan will be maintained in the student's files on RTOM.
- ***Final Warning Letter – Attendance***
 - When projected attendance reaches 85%, the '*Final Warning Letter - Attendance*' will be emailed to students' registered email address informing them of their current level of attendance, reminding them their visa conditions and that they are at risk of not meeting attendance requirements of their visa.
 - In this letter, the student is advised to schedule a meeting the Student Services Officer/Academic Manager to discuss the situation and possible outcomes.
 - The student and Student Services Officer/Academic Manager will address the reasons for non-attendance and put in place an intervention strategy to improve the student's attendance. The Student Services Officer/Academic Manager will complete the Intervention Support Plan and note the details of the interview and negotiated intervention plan. The student and the Student Service Officer/Academic Manager will sign and date the plan.
 - The copies of the warning letter and Intervention Support Plan will be maintained in the student's files on RTOM.
- ***Notification of Intention to Report – Attendance***
 - Students with a projected attendance rate below 80% in a study period will be sent the '*Intention to Report – Unsatisfactory Attendance*' for breaching their visa conditions in accordance with the procedures in this policy and the NCVE's intention to report the student on PRISMS for unsatisfactory attendance.
 - The notification will include advice that the student may appeal to the decision within 20 working days as specified in the letter.
 - The notification will also advise:
 - who to contact if the student wishes to discuss the implications of their breach of the attendance requirements and the appeals process, for example, the Academic Manager or Student Services Officer.
 - that if lodging an appeal, it is the student's responsibility to clearly identify at that time all the information they hold or are aware of in support of their appeal.
 - A copy of Letter of Intention to Report will be retained in the student file and sent to the Student Services Department.

g) Intervention Strategy to identify and offer support to those students at risk of not meeting attendance requirements

- **Assisting students:** Intervention meetings will be initially handled by Student Services staff.

- The student might be referred to the Academic Manager for counselling if required.
- The intervention strategy consists of the following:
 - Identifying the reason underlying poor attendance including but not limited to:
 - why have the students been absent and what support may be offered
 - compelling and compassionate circumstances (refer to Appendix 1 Compassionate and Compelling Circumstances Definition)
 - illness
 - issues with adjusting to Australian life
 - part time work in Australia is impacting on the student's attendance
 - any other reason including social issues.
 - Possible support actions include but are not limited to:
 - developing an individual learning contract with the class teacher in order to assist the student with attendance
 - arranging individual sessions with the class teacher for the student to catch up on missed work at an additional cost to the student
 - assigning additional study for the student to undertake to study missed class work
 - identify required support services as per issues raised.
- Monitoring students:
 - Following agreement on the terms of the intervention plan, student attendance will be monitored in line with attendance monitoring procedure.
 - When an intervention student's attendance falls below thresholds mentioned previously, he/she will receive warning letters and/or notification of intention to report.
 - If required, Student Services might schedule regular meetings with the students.
- Recording intervention:
 - NCVE maintains records of all contact and counselling undertaken with overseas students who have been absent for 5 consecutive days or at risk of not attending at least 80% of the course contact hours to monitor and report unsatisfactory attendance on the student file and RTOM.
 - Documentation includes but is not limited to:
 - Formal notifications
 - Interview notes
 - Emails
 - The Intervention Support Plan

h) Reporting unsatisfactory attendance including student right to appeal

NCVE complies with the requirements to report unsatisfactory attendance as follows:

- Where NCVE has assessed an overseas student as not meeting satisfactory attendance requirements, the student is provided with a written notice within 5 days which:
 - Notifies the overseas student that NCVE intends to report the overseas student for unsatisfactory attendance.
 - Informs the overseas student of the reasons for the intention to report
 - Advises the student of their right to access NCVE's Complaints and Appeals processes, in accordance with Standard 10 (Complaints and Appeals) within 20 working days.
- NCVE will only report unsatisfactory attendance in PRISMS in accordance with Section 19(2) of the ESOS Act and Standard 8 of the National Code 2018 if:
 - The internal and external complaints processes have been completed and the decision or the recommendation supports NCVE, or

- The overseas student has chosen not to access the internal complaints and appeals processes within the 20 working day period, or
- The overseas student has chosen not to access the external complaints and appeals process, or
- The overseas student withdraws from the internal or external appeals processes by notifying NCVE in writing.
- NCVE may decide not to report an overseas student for falling below 80% attendance where the overseas student is still attending at least 70% of the scheduled course contact hours and the student is:
 - maintaining satisfactory course progress (for VET courses only)
 - provides genuine evidence of compassionate and compelling circumstances as per Appendix 1 - Compassionate and Compelling Circumstances definition (for ELICOS courses only).

i) Reporting and Appeals Procedure

- A student has 20 working days from the date of receipt of the Intention to Report – Unsatisfactory Attendance to lodge an appeal to NCVE.
- Appeals must be made in writing to NCVE using the *Appeals Form* available from Student Services and must include:
 - The reasons for non-attendance (supported by documentary evidence)
 - Any additional information in support of their case.
- Students who are lodging an appeal can request to appear before the Appeals Review Committee.
- Students may bring a support person with them to appeals meetings.
- The Appeals Review Committee will meet within 10 working days after the end of the appeal period. All reasonable measures will be taken to finalise the process as soon as practicable.
- The Committee will consider:
 - Whether the decision to report the student for unsatisfactory attendance was based on the correct procedures
 - Any mitigating circumstances advanced by or on behalf of the student; and
 - Whether the appeal should be upheld or dismissed.
- During the internal appeals process the student will remain enrolled in all courses and is required to continue to attend classes.
- Where the student has chosen not to access the appeals processes within the 20-working day period, or withdraws from the process, the Student Service Department will be notified, and the student's CoE will be cancelled on PRISMS.

j) Outcomes of the Appeals Procedures

- The student will be notified of the outcome of the internal appeals process within 10 working days of hearing the appeal.
- If the Appeals Review Committee determines that processes have not been appropriately followed, or that circumstances (e.g., extended illness) have prevented the student from attending, and if attendance has not fallen below the discretionary minimum allowed under Standard 8 of the National Code and the ESOS Act, it may uphold the appeal and not report the student's non-attendance on PRISMS. The student will be notified in writing that the appeal has been upheld.
- If the Appeals Review Committee determines that due process has been followed and that there are no mitigating circumstances, it will dismiss the appeal and advises the Student Services Department to issue the student with *Unsuccessful Appeal letter*.

- This final letter will outline the options to access NCVE's Complaints & Appeals procedures, specifically to engage the External Student Appeals agent, the Commonwealth Ombudsman, to lodge an external appeal.

k) External Appeals

- If the student is dissatisfied with the outcome of the Appeals Review Committee, the student has the right to refer his/her complaint and access external complaints processes such as the **Commonwealth Ombudsman** within 10 working days from the date advised in the 'Unsuccessful Appeal Letter' letter and must advise the Student Services Department in writing that the student has lodged an appeal.
- The use of the **Commonwealth Ombudsman is a free service for overseas students.**
- Students may choose their own external Student Appeals agent if they wish. Students should inquire about current fees when they contact the agent.
- After 10 working days, if the student has not lodged an external appeal or if the Student Services Department has not been notified of an external appeal, the student will then be reported through PRISMS.
- If the external complaint handling and/or appeal process results in a decision that supports the student, NCVE will immediately implement any decision and/or corrective and preventative action required and advise the student of the outcome in writing.

l) Notification of Reporting to DHA

- NCVE will report the student to DHA using PRISMS if:
 - The overseas student has chosen not to access the internal complaints and appeals processes within the 20-working day period
 - The overseas student has chosen not to access the external complaints and appeals process
 - The overseas student withdraws from the internal or external appeals processes by notifying NCVE in writing
 - The internal and/ or external appeals process has been completed and the outcome is in NCVE's favour.
- Following reporting of the student on PRISMS, Student Services will see the student with a 'Notification of reporting to DHA - Unsatisfactory Attendance'.
- This letter will advise the student to contact the Department of Home Affairs to seek advice on any potential impacts to their visa, including the need to obtain a new visa.

m) Allowable extensions of course duration

- NCVE will not extend the duration of the overseas student's enrolment if the overseas student is unable to complete the course within expected duration, unless:
 - There are compassionate or compelling circumstances, as assessed by NCVE on the basis of demonstrable evidence (refer to Appendix 1), or
 - NCVE has implemented, or is in the process of implementing, an intervention strategy for the overseas student because the overseas student is at risk of not meeting attendance requirements
 - An approved deferral or suspension of the overseas student enrolment has occurred under Standard 9 (deferring, suspending or cancelling a student's enrolment).
- If NCVE extends the duration of the student's enrolment, it will advise the student to contact the Department of Home Affairs to seek advice on any potential impacts to their visa, including the need to obtain a new visa.

Appendix 1: Compassionate and Compelling Circumstances Definition

‘Compassionate or compelling’ circumstances are generally those beyond the control of the overseas student and which have an impact upon the overseas student’s course progress or wellbeing. These could include, but are not limited to:

- serious illness or injury, where a medical certificate states that the overseas student was unable to attend classes
- bereavement of close family members such as parents or grandparents (where possible a death certificate should be provided)
- major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the overseas student’s studies; or
- a traumatic experience, which could include:
 - involvement in, or witnessing of a serious accident; or
 - witnessing or being the victim of a serious crime, and this has impacted on the overseas student (these cases should be supported by police or psychologists’ reports)
- where the registered provider was unable to offer a pre-requisite unit, or the overseas student has failed a prerequisite unit and therefore faces a shortage of relevant units for which they are eligible to enrol; or
- inability to begin studying on the course commencement date due to delay in receiving a student visa.

These are only some examples of what may be considered compassionate or compelling circumstances.

Registered providers should outline what is considered compassionate or compelling circumstances in their own policies and use their professional judgement to assess each case on its individual merits. When determining whether compassionate or compelling circumstances exist, registered providers should consider documentary evidence provided to support the claim and should keep copies of these documents in the overseas student’s file.

(excerpt from Standard 8 Overseas Student Visa Requirements Guidance Note p.4)

Current Address Details

You must inform NCVE of any change to your contact details during your course, including residential address, email address or telephone number. This is a requirement of the Australian government.

If you change your address, advise Student Services immediately. You must notify NCVE within 7 days of the change to your address or contact details. The Department of Home Affairs must be able to contact you at any time during your stay.

If the Department cannot contact you, it is possible that your visa may be cancelled.

Academic Progress

Condition 8202 of your student visa also requires you to maintain satisfactory course progress. If you have not achieved satisfactory course progress, NCVE must notify the Department of Home Affairs that you have breached this visa condition. This may have serious implications for your student visa and future study options in Australia.

If you are concerned about your ability to meet the requirements of your course, speak to your teacher or NCVE's Academic Manager. Academic assistance is available if required and support is provided to students to ensure that they can meet the requirements of their course.

Please refer to NCVE's *Monitoring Course Progress Policy & Procedure* below.

Monitoring Course Progress Policy & Procedure

Policy:

NCVE monitors overseas student's course progress for each course which the student is enrolled in to ensure that the expected duration of study specified in the student's CoE does not exceed the CRICOS registered duration.

NCVE has processes to **identify, notify and assist** an overseas student at risk of not meeting course progress requirements, where there is evidence from the overseas student's assessment tasks, participation in tuition activities or other indicators of academic progress in each study period.

This policy outlines requirements for the following:

- a) Informing students of course progress requirements
- b) Requirements for achieving satisfactory course progress
- c) Process for assessing and recording course progress
- d) Identifying students at risk
- e) Intervention strategy to identify and offer support to those students at risk of not meeting course progress requirements
- f) Intervention records
- g) Reporting unsatisfactory course progress including student right to appeal
- h) Allowable extensions of course duration

Procedure:

a) Informing students of course progress requirements

- NCVE clearly informs overseas students before commencement about requirements to achieve satisfactory course progress in each course level and study period through:
 - Student Handbook
 - Other sources of information including the college's website at www.ncve.edu.au
 - Orientation program
 - Offer Letter & Written Agreement
- The Student Letter of Offer & Written Agreement requires the students to acknowledge and accept their obligation to maintain satisfactory course progress.
- At the time of initial enrolment, VET students are issued with information about their training program schedule which identifies the units required to be completed in each study period in order to complete the qualification within the normal duration as indicated on the student's CoE.
- ELICOS student orientation provides students with information about the 12=week duration of each course level and the requirement to complete each level within this timeframe.

b) Requirements for achieving satisfactory course progress

- For VET course, a study period is defined at two terms, each term consisting of 10 weeks duration.
- For ELICOS students, a study period is defined at 12 weeks, the typical time required for an ELICOS student to complete one General English level.
- To achieve satisfactory course progress, a VET student must be deemed competent in at least 50% of units of competency assessed during that study period.
- To achieve satisfactory course progress, an ELICOS student must have completed the summative assessment at Week 6 and Week 12 and achieved a result of 60% or higher in both summative assessments.

c) Process for assessing and recording course progress

NCVE uses the following strategies to assess and record course progress:

VET Students:

- At the end of each unit of study, all students undertake summative assessments to assess their competency. These scheduled assessment days are informed to students by the trainer on the first day of the unit.
- On scheduled assessment days, students attend assessment classes and complete and submit their assessments online through their LMS account under supervision of a trainer.
- The assessments are assessed and graded by the trainer on the LMS. Following ~~gating~~ students receive automated email from the LMS, informing them of steps take if their result is 'Not Yet Competent'.
- If a unit of study has more than one assessment, the overall result is calculated based on the results of all assessment components. To be deemed Competent in a unit, students must be deemed satisfactory in all of the assessment components.

ELICOS Students:

- The ELICOS class teacher invigilates week six summative assessment tasks on the Friday of week 6
- Student results are recorded on individual student's 'Summative Test Record sheet
- Students failing to score 60% or higher are notified to the Academic Manager.

d) Identifying students at risk

VET Students:

- All VET students' academic progress is monitored at the following times in each 10 week study period:
 - Week 5
 - Week 10
 - Week 15
 - Week 20
- A VET student is identified as being "at risk" of not meeting satisfactory course progress requirements when the student:
 - has been deemed Not Yet Competent in one or more units of competency in a study period (of two 10-week terms)
 - is unable to complete a course within the expected duration of study as recorded on the student's CoE (after an intervention being put in place).

ELICOS students:

- An ELICOS student is identified as being “at risk” of not meeting satisfactory course progress requirements when the student:
 - has not achieved at least 60% in the Week 6 Summative assessment
 - is unable to complete a course within the expected duration of study as recorded on the student’s CoE (after an intervention being put in place).

e) Intervention Strategy to identify and offer support to those students at risk of not meeting course progress requirements

- NCVE’s intervention strategy is designed to identify, notify and assist students at risk of not meeting course progress requirements in sufficient time for those students to achieve satisfactory course progress. The aim of intervention is not to be punitive but to identify underlying reasons and solutions to overcome student lack of course progress.
- Procedures for intervention strategy include:
 - At the end of Week 5 (VET students) and Week 6 (for ELICOS students), Student Services will review the academic progress of all students and identify those students who are “at risk” of not meeting satisfactory course progress requirements (as defined above).
 - Students identified as being at risk will be sent the *First Warning Letter – Course Progress* by Student Services. This letter requires the student to attend a course counselling interview with the Academic Manager to identify underlying problems and to implement an action plan to address course progress concerns.
 - The action plan and recommendations of the Academic Manager will be approved by students’ written consent and signature.
 - If a student fails to attend a counselling interview within 14 days after receiving the first warning letter or fails to fulfil the requirements negotiated in the interview, the *Final Warning Letter – Course Progress* will be sent to the student requiring them to attend a course counselling interview with the Academic Manager.
 - At the interview, the Academic Manager or Student Services Manager will discuss possible recommendations and complete an intervention strategy approved mutually agreed with the student.
 - If a student fails to attend a counselling interview within 14 days after receiving the final warning letter or fails to fulfil the requirements negotiated in the interview, the *Intention to Report - Course Progress* will be sent to the student.
 - If they wish, students must commence the appeal process within 20 days after receiving the letter of intention to report. If a student fails to start appeal process within 20 days after receiving the intention to report, they will be reported to Department of Education and the Department of Home Affairs as soon as practical following the appropriate PRISMS process.
 - Student Services is responsible for monitoring student attendance at progress monitoring meetings

Support strategies to assist students identified as ‘at risk’ include:

- Identifying the underlying reasons for poor course progress including but not limited to:
 - why have the students been unsatisfactory in their assessments and what support may be offered
 - compelling and compassionate circumstances (refer to Appendix 1 Compassionate

- and Compelling Circumstances Definition)
 - illness
 - Issues with adjusting to Australian life
 - Part time work in Australia is impacting on the student's attendance and course progress
 - any other reason including social issues
- Possible support actions include but are not limited to:
 - arranging individual sessions with the class teacher for the student to catch up on missed work at an additional cost to the student
 - assigning additional study for the student to undertake to study missed class work and incomplete assessments
 - identify required support services as per issues raised
 - referring students to external counselling services
- The implementation of the student's Individual Support Plan will be monitored by the Student Services (or the Academic Manager).
- VET Trainers or ELICOS teachers may report progress developments to the Academic Manager, where appropriate
- If the student still does not achieve satisfactory course progress through intervention based on not making an effort and the Academic Manager's evaluation and comments, the student will receive further warning letters and/or be reported on PRISMS for unsatisfactory course progress.

f) *Intervention records*

- NCVE maintains records of all contact and counselling undertaken with overseas students to monitor and report unsatisfactory academic progression.
- Intervention records included:
 - Email notifications to students including:
 - Formal warning letter notifications
 - Intervention meeting set up and reminders
 - Intervention Support Plan – this is the formal document used to record:
 - Reasons provided by the student for poor progress
 - The Support Services provided to the student at item of interview or as follow up to the intervention meeting
 - The intervention plan mutually agreed between the student and Student Services/ Academic Manager
 - Signatures and dates of all parties as evidence of agreement with the intervention support plan.
- In addition, to ensure that students' intervention meetings are monitored and recorded efficiently, the following procedures must be followed:
 - Once a student attends a meeting as part of intervention, the details of the meeting are recorded on a hard copy of the Intervention Support Plan.
 - Follow up intervention support meetings must be scheduled.
 - These follow up meetings must be scheduled in the Student Management System RTOM,
 - Automated emails are sent to the student one day before the meeting as a reminder/
 - If a student does not attend a scheduled meeting at the end of the scheduled day, Student Services sends them an email reminding them of the need to attend the meeting and to contact Student Services for schedule an alternative meeting time.

g) *Reporting unsatisfactory course progress including student right to appeal* NCVE complies with

the requirements to report unsatisfactory course progress as follows:

- Where NCVE has assessed an overseas student as not meeting course progress after sending warning letters and implementing an intervention strategy, the student is provided with a written notice within 10 working days which:
 - notifies the overseas student that NCVE intends to report the overseas student for unsatisfactory course progress
 - Informs the overseas student of the reasons for the intention to report
 - Advises the student of their right to access the College's complaints and appeals process, in accordance with Standard 10 (Complaints and Appeals) within 20 working days
- NCVE will only report unsatisfactory course progress in PRISMS in accordance with section 19(2) of the ESOS Act if:
 - the internal and external complaints processes have been completed and the decision or the recommendation supports NCVE, or
 - the overseas student has chosen not to access the internal complaints and appeals processes within the 20 working day period, or
 - the overseas student has chosen not to access the external complaints and appeals process, or
 - the overseas student withdraws from the internal or external appeals processes by notifying NCVE in writing.

h) Allowable extensions of course duration

Conditional Successful Appeals:

- NCVE may grant students successful outcome of the appeal made against intention to report with the condition of maintaining satisfactory course progress in line with the intervention plan. Conditional successful appeals might be granted in the following circumstances:
 - It is possible for the student to maintain course progress within the remaining duration of their enrolment, through attending extra class hours or other conditions agreed in the intervention support plan; and
 - The student has genuine intention to maintain course progress and finish the course within expected duration.
- If a student cannot satisfy the above conditions for a conditional successful appeal the student will be reported to the Department of Home Affairs without no further warning letters.

- Allowable extensions of course duration:

NCVE will not extend the duration of the overseas student's enrolment if overseas student is unable to complete the course within expected duration, unless:

- There are compassionate or compelling circumstances, as assessed by NCVE on the basis of demonstrable evidence (refer to Appendix 1), or
 - NCVE has implemented, or is in the process of implementing, an intervention strategy for the overseas student because the overseas student is at risk of not meeting course progress requirements, or
 - An approved deferral or suspension of the overseas student enrolment has occurred under Standard 9 (deferring, suspending, or cancelling a student's enrolment)
- If NCVE extends the duration of the student's enrolment, NCVE will advise the student

to contact immigration to seek advice on any potential impacts to their visa, including the need to obtain a new visa.

Qualifications issued (VET students)

When you complete all assessment requirements for your qualification, you will get Australian Qualification Framework (AQF) documents for your completed course. Your AQF documents will include:

- **A Testamur** – this lists the qualification that you have completed
- **A Record of results:** This is a list of the units of competency you have completed in your qualifications

If you have only completed part of a qualification, you will be awarded a **Statement of Attainment**. This document will show all the units of competency they have completed.

NCVE will issue all AQF qualifications and statements of attainment within 30 days of you completing your course.

You are entitled to a formal Testamur and Record of Results or Statement of Attainment at no cost to you. You are also entitled to these documents if you withdraw, cancel or transfer from your course before you complete your qualification, provided that you have paid in full for the tuition related to the units of competency to be shown on the Statement of Attainment

Completion documents issued (ELICOS students)

When you complete your ELICOS studies, you will get a 'completion certificate' or 'graduation certificate'. This certificate will give details of your English language level at the time when you finish your course.

Your English proficiency level is measured using the **Common European Framework of Reference for Languages (CEFR)**. The CEFR is an international standard for describing language ability, not just English, the CEFR is also used to measure language ability in many other languages. The CEFR measures language ability on a six-point scale, from A1 (Beginners) up to C2 (Mastery or 'native like'). Using the CEFR makes it easy for anyone involved in language teaching and testing, such as teachers or learners, to see the level of different qualifications. It also means that employers and educational institutions can easily compare our qualifications to other exams in their country.

For more information about the CEFR, go to: <https://www.cambridgeenglish.org/exams-and-tests/cefr/>

Here are the CEFR level estimates you have achieved when you complete each level of General English:

GE Level	CEFR scale
Beginner	Pre-A1
Elementary	A1
Pre-intermediate	A2
Intermediate	B1
Upper -Intermediate	B2
Advanced	C1 – C2

If you have completed an ELICOS course other than General English, for example, an IELTS or Cambridge examination preparation course, your completion certificate will also award you a CEFR English proficiency level.

Holidays

For all NCVE English courses, holidays are usually taken after you have completed one level of your course (12 weeks) and before you start the next level; or between one ELICOS course and the next, for example, moving from General English to IELTS examination preparation.

For NCVE students completing a VET qualification, students may only take a holiday during term breaks.

If you require leave during your course for compassionate or compelling reasons such as illness or death in the family, you will need to apply for leave using the Enrolment Variation Form. This form can be found on the NCVE International website at

<https://forms.monday.com/forms/49cabd573342f5bc16386c2379224b07?r=use1>

If you have any questions about leave, please contact NCVE Student Services.

a) Conditions for deferral, withdrawal, suspension or cancellation of overseas student enrolments

NCVE ensures it:

- Implements a documented process for assessing, approving and recording a deferment of the commencement of study or suspension of study requested by an overseas student, including maintaining a record of any decisions
- Defers or suspends the enrolment of a student if it believes there are compassionate or compelling circumstances (See Appendix 1 for definition)

- NCVE notifies the Department of Education through PRISMS
- NCVE maintains a record of all decisions to defer or suspend an overseas student's enrolment in the student management system and student's file.

b) Effect on Confirmation of Enrolment (CoE) and Visa

NCVE ensures it:

- Informs overseas students that deferring, suspending or cancelling their enrolment on any grounds may affect their student visa
- Makes clear that under Standard 10 of the National Code 2018, there are three possible outcomes for an overseas student's CoE:
 1. NCVE notifies the Department of Education through PRISMS that they are deferring or suspending an overseas student's enrolment for a period without affecting the end date of the CoE
 - There will be no change to the CoE on PRISMS – the overseas student will still be listed as studying

- The notice of deferment or suspension will still be recorded in PRISMS
- 2. NCVE notifies the Department of Education through PRISMS that they are deferring or suspending an overseas student's enrolment for a period which will affect the end date of the CoE:
 - PRISMS will cancel the original CoE and immediately offer NCVE the opportunity to create a new CoE with a more appropriate end date
 - In the event that NCVE does not know when the overseas student will return, it will not create a new CoE, but to wait until the overseas student has notified NCVE of the intended date of return before creating a new CoE
- 3. NCVE notifies the Department of Education through PRISMS that it wishes to permanently cancel/terminate the overseas student's enrolment:
 - Once this process is complete, the overseas student's CoE status will be listed as 'cancelled'
 - In the event the overseas student is under the age of 18, the cancellation of a CoE does not cancel a Confirmation of Appropriate Accommodation and Welfare (CAAW), and NCVE is still responsible for welfare arrangements until one of the conditions of Standard 5.6 are met
- Makes clear that regardless of the reason, if an overseas student's enrolment is deferred or suspended, the period of suspension of enrolment as entered in PRISMS will not be included in attendance monitoring calculations.

b) Student-initiated deferrals, suspensions or cancellations of their enrolment

NCVE ensures:

- Withdrawal requests are assessed individually in accordance with policies and procedures. The college may approve students' withdrawal requests, if:
 - There are compassionate or compelling circumstances
 - Student is returning home country for good
 - Student has been granted another visa other than student visa
- In all cases, it assesses all requests based on evidence provided by the student.
- Defers or suspends the enrolment of an overseas student if there are compassionate or compelling circumstances
- Assesses the deferral of commencement of study or suspension in accordance with documented procedures for assessing and approving changes to enrolment
- Accepts compassionate or compelling circumstances as generally those beyond the control of the overseas student and which have an impact upon the overseas student's course progress or wellbeing
- Compassionate or compelling circumstances could include, but are not limited to:
 - Serious illness or injury, where a medical certificate states that the overseas student was unable to attend classes;
 - Bereavement of close family members such as parents or grandparents where a death certificate must be provided;
 - Major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the overseas student's studies;
 - A traumatic experience, which could include:
 - involvement in, or witnessing of a serious accident; or
 - witnessing or being the victim of a serious crime, and this has impacted on the overseas student
 - these cases must be supported by police or psychologists' reports

- inability to begin studying on the course commencement date due to delay in receiving a student visa
- When determining whether compassionate or compelling circumstances exist, NCVE considers documentary evidence provided to support the claim, and maintains copies of these documents in the overseas student's file.

d) Process for implementing student-initiated deferral, suspension or cancellation of enrolment

NCVE ensures that procedures for processing deferral, suspension and cancellation requests are in place:

- Assessment of requests:
 - Students need to complete the *Enrolment Variation Form* along with other supporting documents.
 - Students need to pay relevant fees, if applicable
 - Student submits the completed Enrolment Variation Form to Student Services. The request will be assessed by the College based on the evidence provided.
- Approval or Rejection:
 - NCVE will inform the student of the outcome of the application within 10 working days after receiving the application using either the:
 - *Enrolment Variation Request - GRANTED* email template
 - *Enrolment Variation Request – REFUSED* email template
 - If the application is approved, the student will be notified of the approval and any other actions, such as change in CoE or course time, which need to be implemented
- Recording requests and outcomes:
 - All deferral, suspension or cancellation requests and outcomes of approval or rejection are recorded in shared folder on NCVE's database and individual student folders.

e) Provider-initiated deferrals, suspensions or cancellations of enrolment

NCVE ensures:

- An overseas student's enrolment may be suspended or cancelled on the basis of, but not limited to:
 - Misbehaviour by the overseas student;
 - Overseas student's failure to pay the required amount to undertake or continue the course as stated in the written agreement; or
 - Any breach of course progress or attendance requirements by the overseas student
- NCVE will send the student a *Notice of Intention to Report* via email specifying the reason for the intention to report, for example, unsatisfactory attendance, non-payment of course fees.
- For any deferral, suspension or cancellation of enrolment initiated by NCVE, the overseas student will:
 - Be given a notice of intention to report
 - Provided with 20 working days to access NCVE internal complaints and appeals process: This applies even if an overseas student's misbehaviour is grounds for immediate expulsion, unless the overseas student's health or wellbeing, or the wellbeing of others, is likely to be at risk
- NCVE may proceed with the deferral, suspension, or cancellation after the internal complaints handling and appeals process has been completed such as:
 - misbehaviour

- non-payment
- NCVE will wait for both the internal and external complaints handling and appeals processes to be completed in the case of:
 - course progress breaches and/or
 - attendance breaches
- The overseas student may not be given the opportunity to appeal a provider-initiated deferral, suspension or cancellation of enrolment when the overseas student's health or wellbeing, or the wellbeing of others, is likely to be at risk
- In the event the overseas student is not given an opportunity to appeal, NCVE will maintain evidence to support this when the overseas student:
 - Refuses to maintain approved care arrangements, if they are under 18 years of age;
 - Is missing;
 - Has medical concerns, severe depression or psychological issues which leads to fear for the overseas student's wellbeing;
 - Has engaged or threatens to engage in behaviour that is reasonably believed to endanger the overseas student or others; or
 - Is at risk of committing a criminal offence

 - The cases are assessed based on the type of deferral, suspension or cancellation.
 - Cases of non-payment will be assessed and handled by marketing officers and account team
 - Cases of misbehaviour and breach of visa conditions will be assessed by the Academic Manager in accordance with the relevant NCVE policies and procedures.
- Approval of the cases:
 - The Academic Manager and/ or the CEO will be responsible for approving deferrals, suspensions or cancellations initiated by NCVE.
- Recording:
 - All deferral, suspension or cancellation decisions are recorded in shared folder on NCVE database and individual student folders.

Location

Sydney, city, capital of the state of New South Wales, Australia. Located on Australia's south-eastern coast, Sydney is the country's largest city and, with its magnificent harbour and strategic position, is one of the most important ports in the South Pacific.

The metropolis surrounds Sydney Harbour and extends about 70 km (43.5 mi) towards the Blue Mountains to the west, Hawkesbury to the north, the Royal National Park to the south and Macarthur to the south-west. Sydney is made up of 658 suburbs, spread across 33 local government areas.

Why Choose Sydney?

Many international students want to study in Sydney **because of the great weather and the good reputation**. You can do countless of outdoor activities that include riding a bicycle, exploring the city centre, learning to surf in Manly or Bondi Beach, hiking in the Blue Mountains and a lot more.

Population

Sydney is Australia's most populated city with an estimated population of over 6 million people. The metropolitan area has about 650 suburbs that sprawl about 70 km to the west, 40 km to the north,

and 60 to the south. People move in and out of Sydney every year, but the number of newcomers usually exceeds that of people who leave.

Sydney is an extremely diverse city, with a huge number of ethnic and cultural groups living there. The top five ancestries for people in Sydney are: Australian, English, Irish, Scottish and Chinese. The top five languages (other than English) spoken in Sydney are: Arabic, Mandarin, Cantonese, Vietnamese and Greek. The top six countries of birth for people in Sydney are: Australia, England, China, New Zealand, India and Vietnam. This means you'll be able to meet and make friends with students not just from Australia, but from all over the world.

Climate

Sydney is popular for its sunshine and temperate climate, which allow its residents to embrace a year-round outdoor lifestyle. Regional cities near Sydney such as Newcastle and Wollongong share this pleasant climate, as do the countryside areas that surround the city.

Sydney enjoys a sunny climate with **mild winters and warm summers**, perfect for making the most of the outdoors.

	Summer (Dec to Feb)	Autumn (Mar to May)	Winter (Jun to Aug)	Spring (Sep to Nov)
Average Minimum Temperature (°C)	20.0	15.4	9.0	16.6
Average Maximum Temperature (°C)	27.2	19.0	17.0	25.0

Transport

An efficient network of transport options makes travelling to attractions in Sydney and regional NSW affordable **and enjoyable**. Opal Card, Sydney's integrated ticketing system, provides students with the flexibility to travel on train, bus, metro and ferry services using just the one card. Opal cards can be bought at NSW Railway stations and selected ticketing agents and provide fares cheaper than buying paper tickets at transit stations.

For more information about the Opal card and the various transport networks, visit the Transport NSW website <https://transportnsw.info/>. You can also download the **NSW Opal app** for up-to-date service information.

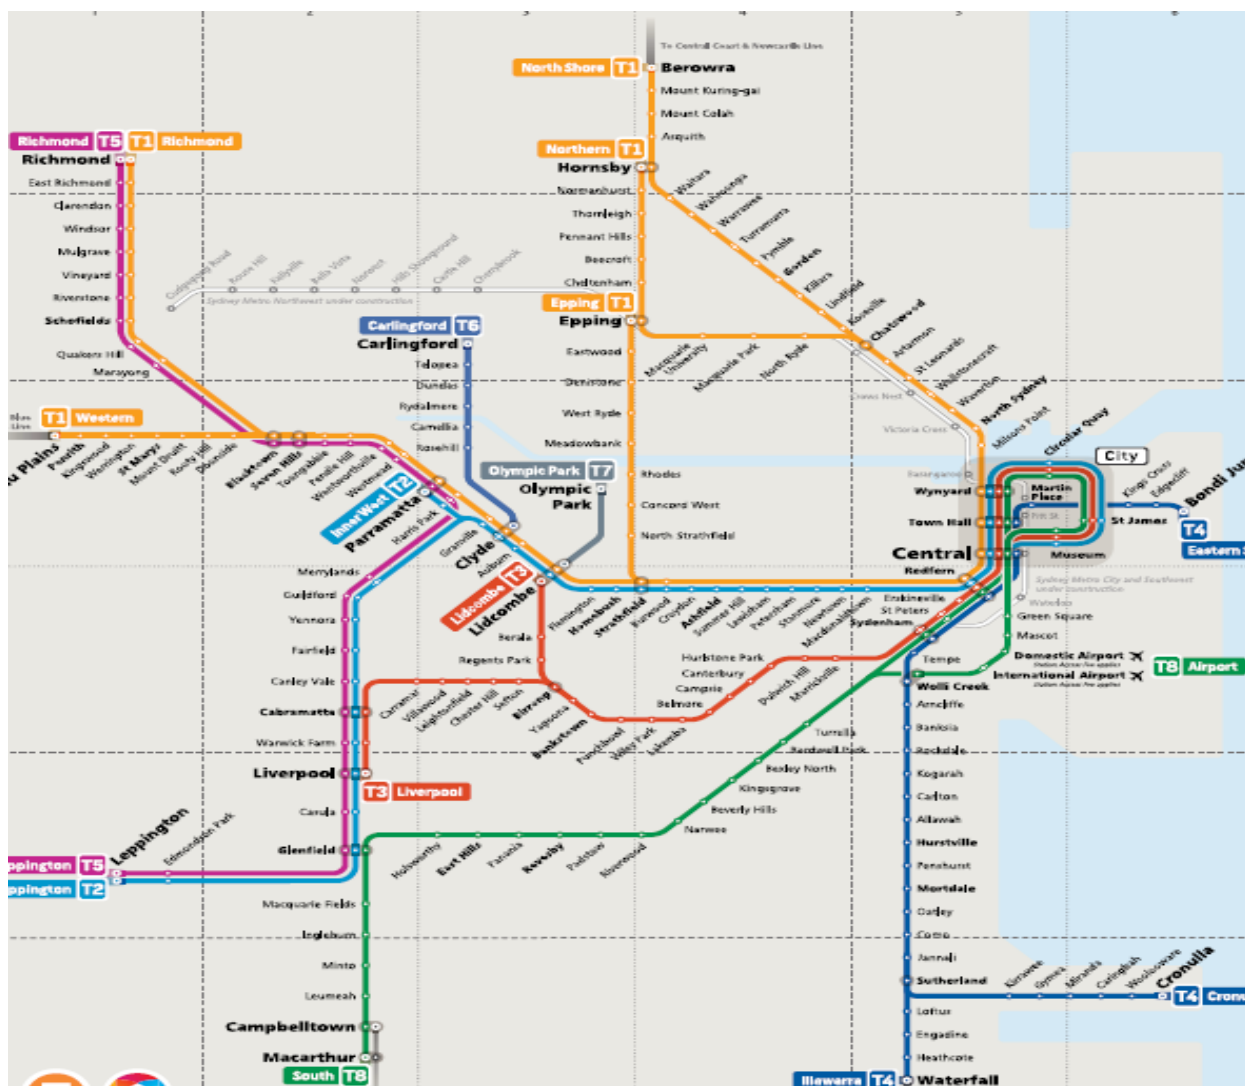

Again, please remember that overseas student cannot purchase student fares. They must purchase full adult fares on all forms of public transport.

City Train

Sydney's network of trains covers the broadest reaches of Greater Sydney and provides direct access to the city and outer suburbs. There are also special post-midnight services on Friday and Saturday nights for late-night adventurers.

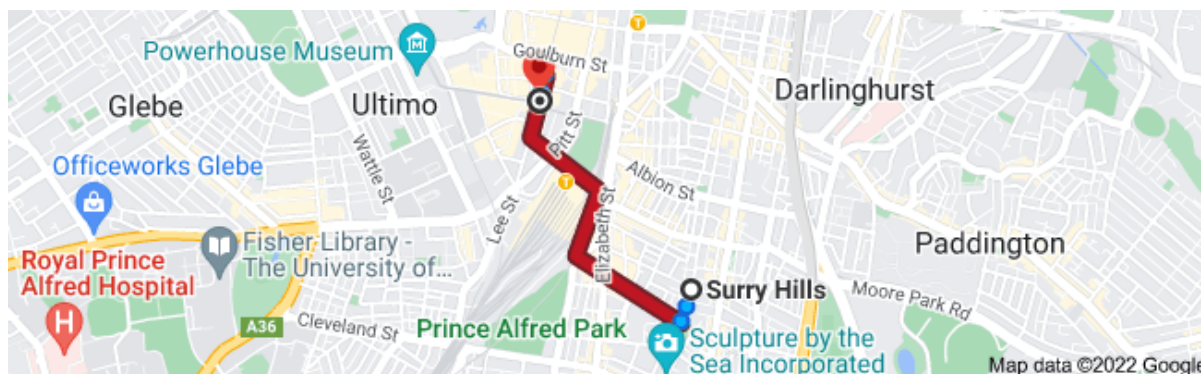

There is also **XPT** in NSW, which was Introduced to service in 1982 the **XPT**, short for "express passenger train", has an aerodynamic design and travels between **Sydney, Melbourne, Brisbane, Dubbo, Grafton and Casino**. You can Book a seat on NSW TrainLink Regional services.

City Bus

Sydney's bus services run throughout the city connecting the outer and inner suburbs to the CBD, major shopping centres, railway stations and ferry terminals. A number of bus routes operate 24 hours a day, 7 days a week. **NightRide** buses replace most train services between midnight and 4.30am, stopping at railways stations or on main roads near railway stations. Some regular bus routes run later services after midnight on weekends only.

You can buy **Opal single** bus tickets from the driver, except on Opal only or **Pre-pay** buses. You can buy Opal single trip tickets from top up and single trip ticket machines at selected metro and train stations, wharves and light rail stops.

E-bikes and e-scooters

In NSW, **E-bikes** now require LTO registration. You can use e-bikes that meet the requirements on public roads and in cycle lanes (but **not on pavements**) and can be ridden by anyone aged 14 and over. Be careful with Electric **Scooters** though because they are legally classified as a motorcycle, riders must wear an approved motorcycle helmet, hold a valid motorcycle licence, obey the same road rules as motorcycle riders.

Neuron Mobility

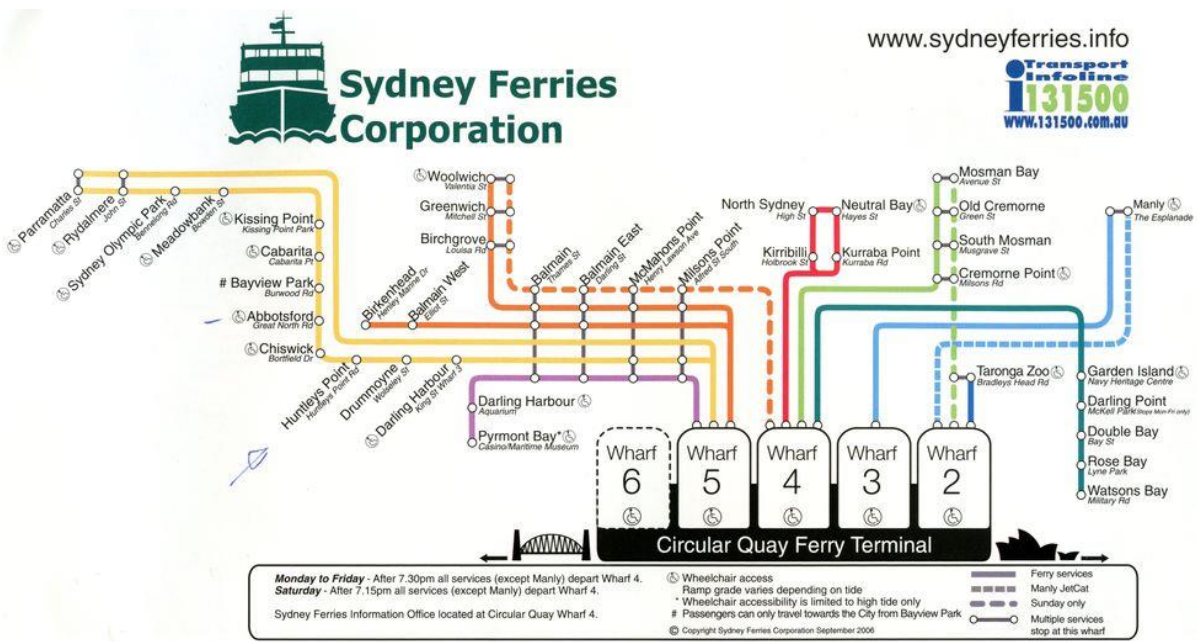

The Singapore-based outfit has unleashed 250 of its vibrant vehicles on the Harbour City's streets, starting in the Sydney **CBD**, **Waverley** and **Randwick**. That means that if you're keen to hop on one of Neuron's e-bikes, you'll need to be in the company's ride zone boundary — which, at the moment, spans out to **Pyrmont** and **Circular Quay** in the inner city, also includes **Newtown** and **Green Square** in the inner west, and encompasses **Bondi** and **Coogee** for beachside rides, too.

Also, the e-bikes are linked to **Google Maps**, which means that you can use Google Maps to find one of Neuron's e-bikes, and to get information on your ride. That covers directions, details on how long it will you to get to your destination, price estimates, battery range and expected ETA. You'll unlock the bike and pay for it via the Neuron app, however.

Sydney Ferries

Sydney Ferries is the public transport ferry network serving the city of Sydney, New South Wales. Services operate on Sydney Harbour and the connecting Parramatta River. You can pay for your ferry trip in Sydney using your Opal card on Sydney Ferries where you can take advantage of all the Opal benefits.

Accommodation

Whilst studying in Sydney you can choose from a range of accommodation options to suit your lifestyle and budget. You can stay with a local Australian family (Homestay), live in student accommodation, share an apartment with friends or live alone.

Homestay

Homestay accommodation allows you to live with an Australian host family – giving you an authentic Australian experience. You'll pay a fee that covers accommodation, breakfast, and dinner. Internet access is also often included. NCVE works with its Homestay provider to set you up with homestay accommodation for your arrival in Australia – including providing airport pick-up and drop-off to your host family.

All requests and applications for Homestay accommodation through NCVE will be forwarded directly to enquiry@globalexperience.com.au Global Experience offers easy and complete homestay packages. Their rate allows you to find a homestay that best suits you and this information can be found on their website <https://www.globalexperience.com.au/>.

Share & Rental Accommodation

There are a number of unit complexes or houses specifically for students in Sydney. In most cases, students will rent the entire house or flat, but there are also opportunities to rent a single bedroom, and share lounge room, kitchen, bathroom and laundry facilities with other students who have been selected by the management.

Most rental properties will require you to pay a bond upfront that will be returned at the end of your agreement if no damage has occurred. This will cover any money owing at the end of the tenancy for any damage to the property. The bond is used as security and is usually equivalent to the amount of four weeks' rent. Your landlord can also ask for one month's rent in advance for a fixed term agreement and

two weeks for a periodic rental. You need to determine exactly who is responsible for utilities like water, gas, and electricity.

Rental costs vary depending on the accommodation style, type and suburb. You can find average rental costs by searching for “median rents” on the [Residential Tenancies Act](https://www.tenants.org.au) (RTA) website <https://www.tenants.org.au>. The RTA governs rental contracts in Sydney and can help you with any questions or information about joining or starting a lease.

There are a few places on-line where you can find independent or share-rooms to rent in Sydney. These are:

- Flatmates - flatmatesfinders.com.au
- Gumtree - www.gumtree.com.au
- Realestate.com.au - www.realestate.com.au
- Domain - www.domain.com.au
- Y Suites - www.sydney.ysuites.co

Before you take a lease out on a property you need to:

1. Ensure you have enough money to cover the Bond.
2. Arrange a reference or Guarantor
3. Inspect the property before you sign a contract and/or pay a deposit.
4. Photograph any existing damage or issues.
5. Carefully read your rental agreement before signing it (get help if you are not sure what something means).
6. Make sure you receive (and keep) a copy of your rental agreement.
7. Establish who is responsible for paying the utilities.
8. Take careful notice of the details regarding the end of your rental agreement.

Banking

Opening an Australian bank account will allow you to earn money in Australia. Any payment you receive from employment or a scholarship will need to be paid directly into an Australian account. Additionally, you will easily be able to access funds without attracting fees for international transfers. When opening an account, you will be provided with a debit card, allowing you to shop across Australia and online without paying additional fees. As an international student, you need to make sure you have enough money to pay for study, books and living expenses. You also need to make sure your money is secure and that you can access it anytime. You can use a basic day to day account to pay for course fees, rent or daily living costs.

To set up a bank account you just need to go to any bank once in Australia and let them know you're an international student and would like to open an account. To do this, you will need to provide:

1. photographic identification (passport)
2. proof of your Australian address (a household bill can be used)
3. proof of enrolment.

You will be provided with access to a day-to-day account and an online savings account. Once you have been identified, you will receive a debit card (when it is ready).

Note: Although it is not necessary for you to have a Tax File Number to get a bank account, it is advisable to set one up and take this with you as without one you will get taxed a lot on your account.

Phone and Internet Services

Australia has several different options available for phone and internet services. Some information about accessing these services are below.

Mobile Phone Services

It is highly recommended that you purchase an Australian SIM card when you arrive in Australia rather than using your mobile number from your home country as this can end up being very expensive. In Australia, it is possible to have a Prepaid mobile phone account or a Contract mobile phone service.

Prepaid Mobile Phone

A prepaid mobile phone service gives you flexibility because you control how much you spend and can stop using the service any time. Pre-paid SIM cards are sold in many shops and supermarkets, as well as by mobile phone providers. After an easy set-up process with the provider, you will have a working Australian mobile number which you can top up with credit as needed. You can usually top up your prepaid service online or at a range of retail outlets. Your mobile phone provider can provide details on how you can top up your service.

Contracted Mobile Phone

If you will be using your mobile a lot and will be in Australia for a longer period (12+ months), a fixed term contract might work out to be the cheaper option for you. There are many mobile phone operators in Australia, and you can choose from a range of phone plans where you can get the handset with little (if

any) up-front cost; you then pay a fixed price per month for a certain amount of calls, text messages and data.

If you need any assistance with setting up a phone service, our Student Services officer can help you to get the best option for your personal circumstances.

Internet Services

Many of the phone service providers in Australia also provide fixed or mobile internet services. These are also offered as pre-paid, or contract plans like the mobile phones above and these operate in the same manner. If you choose to get a contract service for your home internet, you will receive a modem, and just like a phone service, you pay a monthly rate to get a certain data allowance. Ask the providers you are considering for details of plans that might suit you and if need assistance in understanding the information they provide you, our Student Support officer will be happy to assist you.

NCVE provides free Wi-Fi for all students whilst on campus. See Student Services for the login details.

What to do in an Emergency

On your first day at NCVE, you will be shown where to find the fire stairs. You will walk down the stairs to the street exit on Commonwealth Street and make your way to the NCVE Emergency Meeting Point.

- Follow your teachers' instructions
- Leave the building via the fire stairs. Do not take the lift.
- Meet with your teacher at the NCVE Emergency Meeting Point
- Make sure your teacher marks your name on the roll
- Wait for further instructions from your teacher

If you ever have an emergency and need help from FIRE, POLICE or AMBULANCE SERVICES

Dial (free) 000

from ANY public telephone or mobile telephone.

If first aid is required at school, students should immediately report it to their teacher or Student Services.

Medical

Sydney has some of the highest-quality health services available in Australia. Australia's health care system includes high-quality hospitals, doctors, pharmacies, dental clinics, physiotherapists, and many other support services.

Overseas Student Health Cover

The Australian Government requires all international students to purchase medical insurance for the full period of their student visa. This cover must be through an approved **Overseas Student Health Cover (OSHC)** provider.

Depending on the level of cover, most OSHC insurers will cover basic medical costs and contribute towards the costs of most prescription medicines and an ambulance in cases of emergency.

OSHC does not cover secondary medical services such as dental, optical, physiotherapy, or non-essential prescription medicines. Additional private health insurance will need to be bought if these services are required.

Some OSHC health insurance providers in Sydney include:

- Medibank Private: www.medibank.com.au
- Allianz Global Assistance: www.oshcallianzassistance.com.au
- BUPA OSHC: www.overseasstudenthealth.com
- Australian Health Management: www.ahm.com.au
- NIB: www.nib.com.au

Getting Medical Help

If you need medical help in Sydney, make an appointment to see a doctor, also known as a general practitioner (GP), at your local medical centre. You should go to a doctor's surgery that can send the bill directly to your OSHC insurance provider. This is called "bulk billing" and means you will only have to pay the difference between what is owed to the doctor and what your insurance will cover.

GPs can help with minor illnesses and offer general medical advice. In cases of medical emergency, you should immediately go to the emergency department of your nearest hospital, where medical staff can provide you with urgent attention.

It is important that you contact your OSHC insurer before being admitted to a private hospital. While private hospitals will still provide you with medical attention, be aware that not all their services will be covered by OSHC and you may have to pay extra for these services.

Attending an Australian Hospital

Not all private hospitals have emergency departments, so, in an emergency, most Australians rely on the public hospital system. If you attend an Emergency Department in a hospital you will be attended to immediately by a triage nurse for information about you, your cover, and your current health condition. The triage nurse will determine the urgency of your condition in comparison to others that have come into the emergency room and it is likely that you will remain at the emergency room for several hours. Whether you are seen immediately by a doctor, or you need to wait to see the doctor, it is customary to keep you in the emergency room for several hours to monitor your condition before releasing you to go home or admitting you to hospital in more severe cases.

There are extensive waiting times for elective surgeries at public hospitals, e.g., for orthopaedic surgery. One of the attractions of health insurance is the ability to bypass public hospital waiting lists and go through the private system. Private hospitals are very expensive for treatment and hospitalisation. Your OSHC will cover some of the cost of some private hospitals, but you must pay the difference (this is called an **excess payment**).

Your health insurance (OSHC) covers the total cost of accommodation in a shared ward of a public hospital. It also pays for the ‘schedule fee’ for the doctor but if the doctor’s fee is higher than the ‘schedule fee’ you will be required to pay the difference.

The closest hospital to our Sydney Campus is the Saint Vincent’s Hospital, 406 Victoria St, Darlinghurst NSW 2010.

Mental Health

Some people may find adjusting to a new life in a different country and city stressful. If you find yourself having financial or accommodation problems, give yourself a break and don’t let your new life overwhelm you. Making friends will give you a support network, as will finding a part-time job.

Look for special interest groups you can relate to and force yourself to give your mind a break from rigorous study.

If you feel unhappy for any reason - be it academic, personal or social reasons - we can provide confidential one-on-one counselling to help you. If we’re unable to solve the challenge you face, NCVI can arrange

further professional assistance from the experienced counsellors and psychologists at [Emotionally Focused Therapy](#) to help get you back on track.

Sydney City Council hosts an Active Parks program which runs free activities across more than 50 local parks. Activities include Yoga, Cycling, Qigong Haymarket, Centennial Park Tai Chi, kayaking, Park Runs and more, so you can try out some different programs and see which you enjoy. Smoking

In Australia, smoking is prohibited for people under the age of 18. In NSW, smoking is prohibited within 5 metres of all non-residential building entrances.

All NCVE Campuses are designated as non-smoking buildings - therefore there is no smoking anywhere inside the College or the building. This includes the **toilets, stairs or lift, and lobby** areas.

Under no circumstances are you permitted to smoke on the front stairs or near (within 4 metres) of the entrances to the building. Other tenants and visitors use this building, and the entry should always be kept clear. Failure to abide by this law may result in a **\$300** fine.

If you are a smoker, there is an area for smokers with a bin just across the road from the entrance to the college (Centennial Plaza, Tower B, 280). Please confine your smoking to this area and be careful to put all your cigarette butts in the bin provided.

General Safety

Australia is considered to be one of the safest countries in the world. However, like in all countries and major cities, risks should not be taken.

As a general principle, you should always avoid dark areas at nighttime, do not attract unwanted attention to yourself with loud behaviour, dress etc. and take care of your valuables and belongings at all times. If you don't know the area well or if you must travel at night, you should travel with a friend. Do not hitchhike or ride in a car with someone you do not know, even if they seem friendly or helpful.

If you do not feel safe at any stage, call the Emergency number 000 and ask for Police.

Sun Safety

Australia has one of the highest rates of skin cancer in the world. Fortunately, being SunSmart is a simple and effective way to reduce your risk of developing skin cancer.

Cancer Council Australia provides guidance on how much sun you need and how to protect yourself from getting too much sun exposure on their [sun protection](#) website.

For best protection, the cancer council recommends a combination of sun protection measures including:

- 1. **Slip** on some sun-protective clothing that covers as much skin as possible.
- 2. **Slop** on broad spectrum, water resistant SPF30+ (or higher) sunscreen. Put it on 20 minutes before you go outdoors and every two hours afterwards. Sunscreen should never be used to extend the time you spend in the sun.
- 3. **Slap on a hat** – broad brim or legionnaire style to protect your face, head, neck, and ears.
- 4. **Seek** shade.
- 5. **Slide** on some sunglasses – make sure they meet Australian Standards.

Beach Safety

A day at the beach is a fabulous way to enjoy Sydney-NSW. If you're planning a day out by the water, here's your guide to staying safe and having a great day:

- NEVER swim at an unpatrolled beach. Pick somewhere to swim that has trained lifeguards to assist you if you get into trouble;
- ALWAYS swim between the red and yellow flags when you go to the beach. This is the area that has been determined as the safest for swimming. NEVER swim outside the flags. This is the area that is patrolled and watched by trained lifeguards;
- Check for any signs and ALWAYS follow their instructions;
- DO NOT dive into water as you may misjudge the depth; this may cause serious injuries;
- ALWAYS walk into the water slowly and be aware of any submerged objects which can cause injuries;
- NEVER swim alone, or at night, when no-one can see you;
- NEVER swim under the influence of alcohol;
- If you find yourself in trouble in the ocean, raise your hand/arm up to signal for help and stay calm. Float with a current or rip – do not try and swim against it.

The ocean can be a dangerous place and so understanding the ocean is very important - the more you know about how waves, wind and tides affect conditions in the water, the better able you are to keep yourself safe from danger. More information about Surf safety can be found on the Surf Life Saving Beach Safety website at the following link:

<https://beachsafe.org.au/surf-safety>.
